4 Pain Points of a Growing **Childcare Business**

01

Producing Timely and Meaningful Financial Statements on a Regular Basis

02

Knowing Where to Start in Using Your Financial Statements to Manage and Grow Your Business

03

Poor Employee Experience Leading to High Employee Turnover

04

Multiple Employee Tracking Systems Creates Frustration and Stress

DID YOU KNOW??

46%

of all small businesses fail because of bookkeeping errors

82%

of small businesses go out of business due to cash flow problems

58%

of new employees are likely to stay at a company for three years or more if they had a great onboarding experience

91%

of first year employees remain with companies that have an engaging onboarding program

As a childcare business owner, your primary goal is to offer a quality learning experience to the children at your center. Too often, however, time-consuming administrative tasks can divert your attention from these goals. One feasible way to achieve this goal is to leverage the services of a finance & accounting outsourcing provider who can take on the responsibility to manage all your financial reporting needs so that you can focus on more strategic activities required to grow your childcare business.

How would you rate your comfort level with the readiness of your financial statements to help you manage your business and obtain needed funding to grow your business?

- Extremely Uncomfortable
- Uncomfortable
- Neutral
- Comfortable
- Extremely Comfortable
