

TECHNOLOGY SERVICES

ADVANCE YOUR BUSINESS
WITH TECHNOLOGY
SOLUTIONS CATERED
TO YOUR UNIQUE NEEDS

Get more to go on™

**Stay ahead of
the curve with
our customizable
Technology Services**

Technology is often the fiber on which organizations rely in order to run smoothly – especially in today's Modern Workplace. Quattro is a channel-friendly partner that contributes to your business growth and employee productivity with our high-quality, rapid deployment technology services.

We proactively monitor, prevent, troubleshoot, and resolve comprehensive technology related issues. Quattro's professional and integrated support system allows customers to execute business processes quickly and efficiently. We utilize skilled and experienced technology resources to ensure that we meet customer's unique technology needs. Eliminate and prevent system downtimes and help maximize profitability while also driving customer satisfaction.

Professional & Cloud Services

Quattro provides cloud professional services delivered by engineers with deep technical expertise, enabling customers to take advantage of the spectrum of cloud solutions and helping to accelerate their cloud journey. We offer Professional Services and Managed Services for the market-leading public cloud providers such as Microsoft Azure, AWS, IBM Cloud and Google.

We help our customers to extract maximum benefits from:

Public Cloud

Private Cloud

Hybrid Cloud

Collaborations

Infrastructure

Our scalable services support the complete lifecycle of your business transformation by drawing on our experience to address your pain points. We provide a total Managed Services offerings through multiple fully secured NOC delivery centers, staffed 24x7 with highly skilled and certified engineers. Quattrro NOCs utilize industry best practices and processes which are vetted and certified for ITL, PCI, HIPPA and SOC compliance. The Quattrro Managed Services offering is built upon tools that provide customers with things like automated performance and alert notifications, real-time tracking through an Executive Dashboard for patch management and AV updates, AD/Exchange maintenance, asset reporting and remediation.
